

Extreme Airplanes at Extreme Altitudes NASA High-Altitude Solar-Powered Aircraft **Helios**

*NASA Dryden Flight Research Center
Communicating Knowledge
to the Educational Community in Hawaii*

As part of a continuous community and educational outreach effort the NASA Dryden Flight Research Center will conduct the following events highlighting NASA's high altitude scientific research aircraft Helios and its mission in Hawaii.

Teacher Workshop

This high-energy presentation will include math and science demonstrations of NASA products and services which relate to Helios and NASA aeronautics. The hands-on format will be aligned with HI State Science Standards for content and assessment. Classroom-ready materials will be demonstrated and distributed.

Parent/Child Workshop

This presentation will tell the story of Helios and its job in Hawaii. Parents and their children will participate in cooperative hands-on activities.

Workshop Schedules

Workshops are 1 1/2 to 3 hours in length, and offered in the afternoon and evening. Workshops will be held from April 3 - 17 on Maui, Kauai, Oahu and the Big Island. A complete listing of workshop times, dates, locations and contact information is on the back page of this announcement.
